Dear Students,

Please read through the following information as you plan your fall course schedule. Note that the registration information in the online CC bulletin often lags several days behind the Registrar’s page. For the latest information on classes you should always check the Registrar’s Directory of Classes site. You should also complete a checklist to determine what courses you need to complete your major requirements.

**Rising Seniors**

All students intending to graduate with an economics, financial economics or joint major in Spring 2020, must complete UN3211 Intermediate Micro, UN3213 Intermediate Macro and UN3412 Intro to Econometrics (or POLS GU4712) by the end of the Fall 2019 semester. You will not be permitted to take any of these courses in the Spring semester. Students in the joint major with Political Science must also complete GU4370 Political Economy in the Fall semester. If you are taking UN3211, UN3213 or UN3412 in the Fall semester, then you must request written permission to do so. Send these requests to se5@columbia.edu.

**Senior Seminar Registration**

All students interested in taking a senior seminar in the fall semester must register for ECON GU4911 Section 000 ECONOMICS SEMINAR REGISTRATION. Details about the senior seminar registration procedure are posted on the Senior Seminar Registration webpage. We expect to offer the following senior seminars in the fall semester, and will be adding an additional seminar in the near future:

<table>
<thead>
<tr>
<th>Instructor</th>
<th>Schedule</th>
</tr>
</thead>
<tbody>
<tr>
<td>Microeconomics</td>
<td></td>
</tr>
<tr>
<td>Sunil Gulati</td>
<td>W 4:10 PM – 6:00 PM</td>
</tr>
<tr>
<td>Lena Edlund</td>
<td>R 2:10 PM – 4:00 PM</td>
</tr>
<tr>
<td>Tri Vi Dang</td>
<td>T 10:10 AM – 12:00 PM</td>
</tr>
<tr>
<td>Prajit Dutta</td>
<td>M 4:10 PM – 6:00 PM</td>
</tr>
<tr>
<td>Graciela Chichilnisky</td>
<td>TBA</td>
</tr>
<tr>
<td>Macroeconomics</td>
<td></td>
</tr>
<tr>
<td>Matthieu Gomez</td>
<td>M 6:10 PM - 8:00 PM</td>
</tr>
<tr>
<td>Jennifer La’O</td>
<td>T 2:10 PM – 4:00 PM</td>
</tr>
</tbody>
</table>

Titles and descriptions of these seminars will be posted on the Senior Seminar Descriptions page as soon as available.

**Advising**

Expanded office hours for econ-advising have been posted on the departmental Advisors webpage. Please direct any questions regarding your major requirements to econ-advising (either via email or during their office hours). The graduate students who staff econ-advising are also knowledgeable about course selection, and they will be able to help you select courses to meet your personal, professional and academic goals.
Lecture Courses

4370 Political Economy
The political economy class will be offered only in the Fall semester. Seniors in the joint major with Political Science who have not previously taken GU4370 Political Economy MUST take 4370 in the Fall semester. Rising Juniors planning on graduating early (i.e. before Spring 2021) must also take the course in Fall 2019.

Accounting and Finance
Outside of the major in Financial Economics, economics students may not take accounting for major credit. Students in the Financial Economics major may take either BUSI 3013 or IEOR 2261 to fulfill the accounting requirement for their major. If you have questions about these accounting courses, please contact the business concentration at BusinessManagement@gbs.columbia.edu or the IEOR department directly. Online registration for IEOR E2261 is restricted to declared majors in Financial Economics.

College Business Courses
Columbia College offers several business oriented classes. The department does not oversee these courses and does not have any information about them. If you have questions about these courses, please contact BusinessManagement@gbs.columbia.edu for information. Finally, note that you may NOT take these courses for elective credit towards any major in economics other than Financial Economics. Financial economics majors must check their major requirements for details on which courses may be taken for elective credit.

Corporate Finance
Students interested in taking Corporate Finance must sign up for the wait list in SSOL. We will admit students to this course from the wait list following the procedures outlined on the Registration Information page of the department website. If you sign up for more than one waitlist, then you should complete the short preference survey asking you to rank the sections (there is a link on the waitlist page). When possible we place students in their more preferred section.

4211, 4213, 4412 Advanced Micro, Macro and Econometrics
As of Fall 2018, the three advanced courses will be 4 credits courses. Students taking these courses must register for the associated recitation section. The recitation numbers are:

<table>
<thead>
<tr>
<th>Course</th>
<th>Recitation</th>
</tr>
</thead>
<tbody>
<tr>
<td>4211 Advanced Micro</td>
<td>4212</td>
</tr>
<tr>
<td>4213 Advanced Macro</td>
<td>4214</td>
</tr>
<tr>
<td>4412 Advanced Econometrics</td>
<td>4411</td>
</tr>
</tbody>
</table>

5000 and 6000 Level Courses
Graduate level courses in economics (courses numbered 5000 and above) are closed to online registration by undergraduates. Students wishing to take one of these classes must receive approval from both the Directors of Undergraduate Studies and Graduate Studies. Prior to taking any of these courses, it is expected that you have successfully completed one or (preferably) more of the advanced undergraduate courses (4211, 4213 and 4412), higher level statistics (such as the year-long sequence 4203-4204, formerly 3105-3107), and at least one semester of mathematical analysis (4061). We will be reviewing the requests to take these courses in August. Do not send in your requests at this time. There will be an email in August soliciting students who are interested in taking these courses.

Course Offerings by Semester
Fall Electives Open for the April Registration Period (unless otherwise noted)

- 2105 The American Economy
- 3025 Financial Economics
- 4020 Economics of Uncertainty and Information
- 4213 Advanced Macro
- 4251 Industrial Organization (pending)
- 4280 Corporate Finance
- 4301 Growth and Development
- 4325 Economic Organization and Development of Japan (pending)
- 4370 Political Economy
- 4412 Advanced Econometrics
- 4415 Game Theory
- 4438 Economics of Race in the US
- 4465 Public Economics (pending)
- 4750 Globalization and Its Risks
- 4480 Gender and Applied Economics
- 4500 International Trade
- 4850 Cognitive Mechanisms and Economic Behavior

Courses listed as “pending” are courses currently without an instructor. If an instructor is in place prior to the April Registration period, then these courses will be open for registration. We are actively seeking instructors for all of these classes but we cannot guarantee that they will be offered in the fall.

Spring (Tentative)

- 2257 Global Economy
- 3025 Financial Economics
- 3265 Money and Banking
- 3952 Macroeconomics and Formation of Expectations
- 4211 Advanced Microeconomics
- 4230 Economics of NYC
- 4251 Industrial Organization
- 4260 Market Design
- 4280 Corporate Finance
- 4321 Economic Development
- 4415 Game Theory
- 4465 Public Economics
- 4500 International Trade
- 4505 International Macroeconomics
- 4710 Financial Markets and the Real Economy
- 4840 Behavioral Economics
- 4860 Behavioral Finance

Please note that the spring electives are subject to change. We will update you with the final list of spring electives in the Summer Mailing.

**Course Pre-Requisites**

You must complete the pre-requisite courses before you can take an economics course. Students who take courses out of sequence (before or concurrently with its prerequisites) will be subject to a penalty of taking additional courses to be assessed by the department’s director of undergraduate studies. This rule applies even if you have received instructor approval to take the class. If you have already taken a course out of sequence, then contact the director of undergraduate studies immediately. The prerequisites for courses are as follows:
### Economics Course Prerequisites

<table>
<thead>
<tr>
<th>Course</th>
<th>Prerequisites</th>
</tr>
</thead>
<tbody>
<tr>
<td>UN1105</td>
<td>None</td>
</tr>
<tr>
<td>UN3213</td>
<td>Math UN1101, Econ UN1105</td>
</tr>
<tr>
<td></td>
<td>Co-requisite* Math UN1201</td>
</tr>
<tr>
<td>UN3211</td>
<td>Math UN1201, Econ UN1105</td>
</tr>
<tr>
<td>UN3412</td>

<td>Barnard prerequisites – check the Barnard bulletin</td>
</tr>
</tbody>
</table>

*A co-requisite may be taken prior to taking the course or concurrently with the class.

**NOTE** that a prerequisite of STAT 1201 means STAT 1201 or a higher level statistics course. Neither STAT 1101, nor POLS 4710 may be taken in place of STAT 1201 to fulfill the pre-requisite requirements listed above.

### Elective courses for the Financial Economics major

This is a list of the economics courses offered in the fall semester that may be taken for elective credit. For information about the offerings of non-economics courses, you should consult the *Directory of Classes* site.

- 4020 Economics of Uncertainty and Information
- 4213 Advanced Macro
- 4251 Industrial Organization (*pending*)
- 4412 Advanced Econometrics
- 4415 Game Theory
- 4465 Public Economics (*pending*)
- 4500 International Trade
- 4850 Cognitive Mechanisms and Economic Behavior
Financial economics majors must take a minimum of 2 of their 4 elective courses from the prescribed list of electives in the economics department.

**Elective courses for the Economics-Philosophy Joint Major**

The department is offering the following courses in the fall semester that may be taken for credit for the economics-philosophy joint major:

- 4020 Economics of Uncertainty and Information
- 4213 Advance Macro
- 4301 Growth and Development
- 4370 Political Economy
- 4415 Game Theory
- 4438 Economics of Race in the US
- 4465 Public Economics (pending)
- 4480 Gender and Applied Economics
- 4500 International Trade
- 4750 Globalization and Its Risks
- 4850 Cognitive Mechanisms and Economic Behavior

Joint majors with philosophy must take at least 2 of their 3 economics electives from the prescribed list posted in the bulletin and online on the checklist for their major.

**Course Evaluations**

Course evaluations for many of the courses offered next year are available in Vergil. Please take a few minutes at the end of the semester to complete the course evaluations for your economics classes. The department uses the evaluations to make decisions ranging from staffing of courses to rewarding TAs for exemplary work, and future students at Columbia may use them to plan their courses.

**Senior Thesis**

Students interested in writing a senior thesis should have attended the recent information session. If you did not attend the session, then you should read the information posted on the department website on the Honors and Prizes page. If you would like to receive preliminary feedback on your thesis idea, then (after reading the General Information memo) complete the Preliminary Application posted on the department’s wiki page (in the Economics Department Information section), and send it to me directly at se5@columbia.edu. The deadline for the preliminary proposal is April 15. The final proposal for the honors seminar will be due on August 20 (no late proposals will be accepted). The honors seminar is closed to online registration. Students will only be admitted to the honors seminar after August 20.

**Major Credit for Non-Departmental Courses**

The department limits the number of courses that students may take outside of the Columbia Economics Department.

- All majors and joint majors must take a minimum of 5 lecture courses in the Columbia Department of Economics. ECON 3025 and ECON 3265 will be considered Columbia department electives regardless of the instructor. Concentrators must take a minimum of 4
lecture courses in the Columbia department.

- The remaining credits for economics lecture courses may come from AP, Barnard elective courses (2000 or 3000 level), and transfer credits (either taken before registering at Columbia or study abroad).

- Students **must** take their senior seminar in the Columbia Department of Economics.

- The department does not have restrictions on the number of non-economics courses taken outside Columbia to fulfill major requirements. For example, a student who has AP or transfer credits for Calculus-I will be able to take the same number of economics courses outside the department as a student who does not have such credits.

- Note that in the case of joint majors, courses taken to fulfill the requirements of the affiliated department are subject to the rules of that department. For example, a joint major with political science must check with the Political Science department on whether or not a particular class taken outside of Columbia is acceptable for the joint major.

**Research Credit**

In early September, the department will send out a list of the names of faculty members and PhD students who are looking for research assistants and descriptions of their projects. There is no pre-registration during the spring registration period for these research positions. More information about research credit can be found on the Opportunities page and on the Registration Information page on the departmental website.

The department occasionally receives requests for research assistants from other divisions of the University. We generally post these announcements on the wiki which you should check periodically for new announcements.

**Summer Research Prizes**

The department of economics provides financial support for CC and GS students who take unpaid summer internships that focus on research. By introducing students to original research, a summer internship can provide the foundation for an honors thesis or develop an interest in pursuing a graduate degree. We are looking to support up to 5 CC and 2 GS students. We will provide each student with a stipend of $3000. To apply for this stipend you must be a declared economics major, financial economics major or joint major in CC, and you must submit the following information to Susan Elmes at se5@columbia.edu by Friday, April 22:

- **Name** and **UNI**
- **Internship or RA Information** (Name of organization or faculty member)
- A brief (one page) **essay** describing the internship, learning objectives, and supervision.
- **Employer Verification** (a letter or email showing that you have been offered the internship)

This money is meant to support research, so the internship must be research in nature and cannot focus on office or clerical tasks. Preference will be given to students working with Columbia University faculty (the faculty need not be in the economics department).

**Wiki - Econ Info for Students**

When the department receives announcements and advertisements from other institutions we post those announcements on the undergraduate wiki. You will use your Columbia UNI and password to access the site. We post job, RA, TA and internship information on this site. You will also find announcements of lectures, academic programs and other opportunities that we think may be of interest to students in economics.
Study Abroad
All students who are planning on studying abroad in the fall must see Sunil Gulati during the spring advising period to get preliminary approval for any economics courses that they are planning on taking abroad. All students who are planning on taking classes this summer outside of Columbia University must also see Sunil Gulati now to get preliminary approval for any economics courses that they are considering taking. To take courses outside of Columbia during the summer, you must also have the approval of your School. The Economics department cannot give you credit for courses that have not been approved by your School. Please review the material posted on the Transfer Credit Information page.

Undergraduate TA positions
The department expects to hire undergraduate TAs again next year. Undergraduate TAs receive $1800 per semester. Undergraduate TAs have many of the same responsibilities as the graduate TAs in the department. In August you will receive an email listing the TA positions and their requirements. Please do not apply for a position before you receive this email.

Good Luck with Finals.

Susan Elmes
Director of Undergraduate Studies
Department of Economics
Columbia University
