

In Conversation with Joseph Stiglitz: Globalization, Inequality, and Information Economics

September 28th, 2021 | 4 pm EST | Zoom

Join us in conversation with Nobel Laureate and Columbia University professor Joseph Stiglitz to hear his reflections on globalization, inequality, and information economics.

Professor Stiglitz is a world renowned economist, scholar, author and public policy analyst. He was named by Time as one of the 100 most influential people in the world and has profound understanding – and impact – on the problems faced by the global economy.
